# Why Is Redistricting Necessary?

---

- **The District adopted Resolution No. 428 on June 19, 2019 proactively establishing zone-based elections, adopting map and election sequence based on 2010 Census, as required.**
- **By-district means the voters in each individual zone vote for a representative residing in that zone.**
- **The first by-zone elections:**
  - 2020 – Zones 2 and 4**
  - 2022 – Zones 1, 3 and 5**
- **Every 10 years the federal government conducts the Census, requiring review of zones to insure balanced population.**

# Role of the Board

---

- **Ensure compliance with procedural requirements**
  - Hold public hearings
  - Adopt new zone map before statutory deadline.
- **Provide direction to staff and consultants**
  - NDC has prepared two draft maps for Board consideration that meet compliance with federal requirement for equal population.
  - Board may provide additional guidance to demographer on zone boundaries prior to finalizing the map.
