Program Goal & Objectives

The program addresses specific physical and mental needs of cognitively or physically impaired seniors and adults through socialization, physical and mental enrichment activities, and movement exercises. To support and provide respite to our client's informal caregivers.

Program Outcomes & Measurables

The Adult Day Care program served 31 clients during this reporting period, providing a total of 562 days of service. This is an increase of 6 clients and 40 days of service from the previous quarter. Among these 31 clients, two low-income seniors were provided with a scholarship made possible by FRHD grant funding. Their attendance accounted for 27 of the 562 total days of service this quarter. By participating in our program, 31 families were able to take a break while their loved ones received care. During this cycle, three support sessions were provided through the Caregiver Support Group.
