## Program Name/Title

ALLEVIATING HUNGER IN GREATER FALLBROOK

## Brief Program Description

Food insecurity in Fallbrook and San Diego County is a complex issue resulting from poverty, inflation, lack of affordable housing, low wages, racial inequities, lack of access to affordable nutritious food, health problems, and high medical costs.

[Healthy food is expensive, making it especially challenging for the 20% of low-income Fallbrook area households who worry about making ends meet each month. Food insecure families are often forced to decide between basic needs like housing or transportation or buying healthy food.](#)

## Funding Amount Awarded

75000

## Target Population - Age

	Percent of program participants	Estimated number of participants
Children (infants to 12)	30	1247
Young Adults (13-17)	10	416
Adults (18-60)	38	1580
Seniors (60+)	22	915
We do not collect this data (indicate with 100%)*		

## Target Population not collected - Age

N/A

## Target Population - Gender

	Percent of program participants
Female	80
Male	20
Non-binary	
Unknown*	

### \*Target Population - Gender

We serve everyone of all ages who qualify for food assistance. Age is not a factor for us.

### Target Population - Income Level

	Percent of program participants
Extremely Low-Income Limits, ceiling of \$32,100	100
Very Low (50%) Income Limits, ceiling of \$53,500	
Low (80%) Income Limits, ceiling of \$85,600	
Higher Than Listed Limits	
We do not collect this data (indicate with 100%)*

### Actual number of residents that directly benefited (participant/client) from this program during this quarter.

4157

### Program/Services Description - Social Determinants of Health

Economic Stability (Employment, Food Insecurity, Housing Instability, Poverty)

### Program Goal & Objectives

Addressing hunger is an unfortunate reality in our community and the Fallbrook Food Pantry's goal is to help alleviate this issue, to the best of our abilities.

We will provide each individual in need with a minimum of 10-12 pounds of food, per person, every week.

### Program Outcomes & Measurables

To evaluate that we reach the intended outcome of providing 6.500 people in our community, we will track the number of visits and the amount and type of food distributed across all our programs. Each FFP client receives a card to monitor each time they visit the pantry. This allows us to track how much and what type of food is distributed as well as program participants.

Every week we create a different menu, which is designed to provide each person in the household with adequate nutrition (protein, grains, fruit, vegetables, dairy). We track everyone's weekly visits through our CRM software OASIS. Here we are able to extract reports that focus on specific demographics like age, gender, ethnicity, family size, income, number of visits, etc.
