Organization's Mission Statement

Our enduring mission is to support and strengthen children, youth, adults, families, schools, and communities. The mission is brought to life by an expert team of licensed counselors, therapists, case managers and paraprofessionals.

Our goals include providing the highest standard of professional service - particularly to underserved communities. Although we have grown in size and scope to annually serve over 6,000 children, adults, and families across North County, we have retained our commitment to providing comprehensive mental health services that are personal, convenient, and affordable. Long standing partnerships across North County have earned us the reputation of being collaborative and innovative.

Organization's Vision Statement

Palomar Family Counseling Service (PFCS) will become a preferred provider of community mental health services in North County. Passionate and dedicated professionals aspire to work here, clients achieve an enhanced quality of life, and collaborative partnerships are enriched by our trained expertise.

Agency Capability

Mental health is foundationally and fundamentally tied to physical health, the prevention of serious health conditions, and the practice of healthy behaviors. Over the past five years, Healthy Bodies, Healthy Minds

has become an integral part of a full range of comprehensive mental and behavioral health services provided by PFCS. Where barriers to access exist (e.g., eligibility, financial, transportation, cultural, language, waiting lists, lack of insurance, family dysfunction), HBHM has been the resource to address service-delivery gaps and provide convenient and affordable access to individuals who would not otherwise receive services.

Our clientele includes children, adolescents, families and adults who are often low income and struggle with emotional and mental health problems, behavioral issues, stress, isolation, and insufficient support systems. Over 60% of those we serve are Latino, many are Spanish only speakers. In partnership with the FRHD we have been instrumental in reducing the disparity in access to professional, culturally competent, mental and behavioral health services.

Our outcomes range from the 2nd grade child decreasing classroom disruptions by learning to express the fear and anxiety stemming from witnessing family violence, to the young adult overcoming years of emotional scars in order to find and maintain employment, to parents achieving a sense of social connection and resilience, to seniors learning to live again after the loss of a spouse. The opportunity to help individuals achieve better mental health becomes the cumulative accomplishments that enables a diverse society to lead mentally and physically healthy lives, now and for generations to come.

Agency Collaborations

Effective collaboration reduces barriers to mental health care that is equitable, high quality, efficient, and affordable. Particularly for children and youth, cross-sector collaboration is critical. Our long-standing relationships with district elementary and high schools ensure that students in need are connected to the right level of service. We provide in person services at every elementary school, Potter Jr. High, and Fallbrook High. The introduction of telehealth services in 2020/21 allowed us to expand our reach to Vallecitos in Rainbow, the Fallbrook Virtual Academy and Bonsall Jr. High. Ongoing collaboration with the Boys and Girls Club enhances the ability to reach students after school. We participate in the Student Attendance Review Board. Jack E. Johns Family Health Center and PFCS continue to mutually refer clients.

Our partnership with the Fallbrook Community Collaborative for Health and Wellness is valuable and effective. Working relationships with other community organizations enable greater exposure and utilization of the program particularly for area residents who need low-cost services.

In 2022/23, we see the need to increase innovative partnerships to improve the social, cultural, and environmental determinants of health and reduce mental health disparities. We believe that ongoing collaboration between the education and mental health sectors and bringing new options to the Wellness Center will be a necessary step to ensure that area residents can lead healthy, productive lives.

Social Determinants of Health (SDOH)

Program/Services Description - Social Determinants of Health

Education Access & Quality (Early Childhood Education and Development, Enrollment in Higher Education, High School Graduation, Language and Literacy)

Social & Community Context (Civic Participation, Discrimination, Incarceration, Social Cohesion)

Healthcare Access & Quality (Access to Health Care, Access to Primary Care, Health Literacy)

Program/Services Description - FRHD Community Needs Assessment

Mental Health (Social Support - Youth or Families)

Mental Health (Screenings, Prevention)

Statement of Need/Problem

Before the pandemic, mental health challenges were the leading cause of poor life outcomes in young people, with up to **1 in 5 having a mental, emotional, or behavioral disorder**. The stringent measures to mitigate against COVID-19 has had all kinds of unintended consequences. Two years of disruption has worsened mental health, **particularly for people of color from low-income families. Almost 80% of children** with mental illness do not receive treatment. The U.S. Surgeon General issued

a [rare public advisory](#) outlining a sharp rise in anxiety and depression among youth. The advisory states: "*In the school setting, governments should invest in building a pipeline of counselors, social workers, and psychologists*". Data from the [2020-21 California Healthy Kids Survey](#) finds that 1 in 5 students in the Fallbrook District report chronic sadness and social emotional distress; 1 in 7 report suicide ideations. The [need for quality, accessible, community-based mental health services is well-established](#) and is exceeding capacity. Over the past 5 years, the number of individuals referred to PFCS has steadily increased. This year referrals to HBHM when youth do not meet eligibility criteria for County services has increased by over 40%.

The priorities addressed in HBHM are consistent with priorities identified by [Healthy People 2030](#).

Social & Community context: Increase the proportion of children and adolescents who show resilience to challenges and stress. Decrease the suicide rate.

Health Care Access & Quality: Increase the proportion of children and adolescents with anxiety and/or depression and behavioral problems who receive evidence-based treatment. Increase the proportion of adults with depression, anxiety, and mental illness who get treatment.

Education Access & Quality. Increase the proportion of children and adolescents who receive evidence-based preventive mental health interventions in school.

Statement of Need/Problem - Others

Many people are suffering alone. They do not meet eligibility requirements for public services, there are long waiting lists for services offered through insurance, school counselors can only respond to the immediate and urgent and typically provide services that are preventive and universal in nature, and families are simply overwhelmed, economically and emotionally. School psychologists generally provide psychological testing and assessments relating to special education mandates and rarely provide counseling. Fees for therapists in private practice are often prohibitive for low-income families.

The Jack E. Johns Family Health Center provides clinic-based behavioral health services for adults and children over aged 9. This can be very helpful for adolescents or adults requiring psychotropic medication support and who can travel to the center. Mental Health Systems operates its BPSR Kinesis program to serve adults (18+) with serious and persistent mental health issues, a much-needed program largely serving a different population.

Program/Services Description - Program Entry

Typically for *children and youth* referrals come from local school, as school personnel easily identify unmet mental health needs that are interfering with academic functioning. HBHM accepts referrals from all schools in FUESD and FUHSD for school-based service delivery (and all other schools for office-based delivery or for telehealth and virtual services). The Boys and Girls Club refers children in a similar way for individual and/or group services. Parents can also refer their child directly by contacting our office.

Once a referral is received, staff contact parents to conduct an intake assessment and identify the plan for providing therapy services.

For adults, **HBHM** accepts referrals directly from area residents. We will continue to offer telehealth services to allow for greater and more convenient access. An intake assessment is completed and preliminary arrangements are made for therapy sessions to begin. Duration of therapy ranges from 5 to 20 weeks or more.

For 5 to 10 week group services planned for the Wellness Center, individuals will self-refer.

At two months post discharge, all clients (or the parents of children) receiving individual therapy will be contacted by telephone or by email for follow up to determine level of satisfaction and if progress was maintained. As needed, services may be restarted or the family may be referred to a higher or lower level of service as appropriate.

For individuals in group services served at either the Wellness Center or the Boys and Girls Club, satisfaction surveys will be conducted at the end of each group session.

Program/Services Description - Program Activities

HBHM will help meet the mental health needs of area youth and families through continued provision of community-based services.

School-Based Individual Counseling Services for area children & youth: School-based services include a consultation and needs assessment with parents or caregivers, consultation with the referring party and other assessment sources such as teachers, and individual interventions. In-school interventions are largely based on social skill coaching, cognitive behavioral therapy and solution-focused treatment in order to improve functioning, increase coping skills, and promote prosocial behaviors. Individual counseling services will be offered during the school day or after school. Services this year will continue to include telehealth options where necessary.

Individual or small group services will be delivered to students after school at the Fallbrook Boys & Girls Club. This valuable partnership allows us to reach students for whom missing classes will be detrimental. Like school-based services, this method of serving youth where they already are is highly beneficial to youth, families, and the social milieu served. It also allows us to work collaboratively and cooperatively with the Club to tackle the issues that come up in real time, such as bullying and aggression.

Small groups focus on issues and topics that equip children with foundational mental health skills needed now and for their future.

Individual, Couples, & Family Counseling: We will continue outreach to the community in order inform all area residents that no or low-cost counseling services funded by FRHD are available. Individual, couple, or family counseling will be offered at either our clinical office, or via telehealth. For individual, family, or couples counseling we will continue to offer telehealth options and to the extent possible, Spanish language services.

Pilot: Wellness Group Counseling – Adults & Youth: We will expand our ability to serve more youth & adults by introducing time-bound counseling groups and/or prevention and early-intervention educational groups tailored to specific needs (e.g., anxiety, stress, grief, depression, teen dating & relationships). We will offer these in association with the Wellness Center.

Program Goal #1

Improve mental health functioning for children, youth, adults, and families who are residents of the Fallbrook Regional Health District in order to enhance overall well-being and quality of life and reduce the harsh toll that the pandemic and pandemic isolation has inflicted, particularly and disproportionately on low-income and minority communities.

Program Objectives - Goal #1

Objective 1: Children and Youth. Provide school-based, office-based or telehealth counseling services to 80 referred children and youth between July 1, 2022 and June 30, 2023 individually or in small after school groups, in order to improve behavioral, emotional, and/or social functioning.

Objective 2: Adults. Provide office based or telehealth counseling to 15 self-referred adults between July 1, 2022 and June 30, 2023 in order to improve mental, behavioral, emotional, and/or social functioning.

Objective 3: Wellness Groups Pilot 4 community-based wellness groups to 10 self-referred adults and 15 self-referred children and teens in order to increase the number of individuals who show resilience to challenges and stress, take part in healthy behaviors and develop foundational mental health skills needed now and for their future.

Objective 4: Satisfaction. Provide effective counseling services that meet the needs of 120 area residents, in order to create an environment where the full potential for health and well-being can be met.

Program Outcomes/Measurables - Goal & Objectives #1

Outcome Measure 1 (a): (children & youth)

75% of students who complete 5 or more sessions of individual therapy will improve mental health functioning as measured by improvements in scores on the Columbia Impairment Scale administered pre and post counseling and therapist observations recorded on HIPAA compliant electronic data sheets.

Outcome Measure 1 (b): (children & youth)

75% of students who complete 5 or more sessions of group counseling will improve social-emotional functioning as measured by therapist and staff reports recorded on HIPAA compliant electronic data sheets.

Outcome Measure 2: (adults)

80% of adults who complete 5 or more sessions of individual therapy will improve mental health functioning as measured by improvements in scores on standardized screening instruments (PHQ-9, the Hamilton Anxiety Scale, or the GAD-7) administered pre and post counseling and therapist observations record on HIPAA compliant electronic health records.

Outcome Measure 3 (Wellness groups)

80% of individuals who participate in 4 or more weeks of wellness groups will recommend wellness groups to a friend and report improved social-emotional functioning on self-report surveys administered on the last day of each group.

Outcome Measure 4 (Satisfaction)

80% of individuals (adults, families of children) who receive counseling services between July 1, 2022 and June 30, 2023, will rate their satisfaction with services as good or excellent, on a 5-point scale administered 1 month post treatment via an anonymous electronic survey.

Independent Auditor's Report

To the Board of Directors of
Palomar Family Counseling Service, Inc.
Escondido, California

We have audited the accompanying financial statements of Palomar Family Counseling Service, Inc. (a nonprofit organization), which comprise the statements of financial position as of June 30, 2020 and 2019, the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Palomar Family Counseling Service, Inc. as of June 30, 2020 and 2019, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2020 AND 2019

A. ORGANIZATION

Palomar Family Counseling Service, Inc. is a California not-for-profit public benefit corporation (the “Organization”) that provides a variety of mental health services at its offices in Escondido, Vista, Fallbrook, Poway, and on-site at public schools, preschool centers, and youth activity organizations across North San Diego County.

The mission of the Organization is to support and strengthen children, youth, adults, families, schools and communities. The agency mission is expressed through the provision of a full range of comprehensive and integrated services that include prevention, education, early intervention, assessment, individual and family counseling, crisis response, and professional training. To implement its mission, the Organization has structured activities in four main areas. These four areas are comprised of mental health assessment and treatment services, community site-based outreach services, prevention and education programs, and court ordered treatment services.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Adoption of New Accounting Standard

In May 2014, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2014-09, *Revenue from Contracts with Customers (Topic 606)*. The ASU and all subsequently issued clarifying ASUs replaced most existing revenue recognition guidance in U.S. GAAP. The ASU also required expanded disclosures relating to the nature, amount, timing, and uncertainty of revenue and cash flows arising from contracts with customers.

In June 2018, the FASB issued ASU 2018-08, *Not-For-Profit Entities (Topic 958): Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made*. The standard clarified and improved current guidance by providing criteria for determining whether a nonprofit is receiving commensurate value in return for the resources transferred. The outcome of the analysis determines whether the contract or grant constitutes either a contribution or an exchange transaction (i.e., Topic 606). The guidance also provides a more robust framework for determining whether a contribution is conditional or unconditional, and for distinguishing a donor-imposed condition from a donor-imposed restriction. As a result, not-for-profit entities are to account for most grants as donor-restricted conditional contributions rather than as exchange transactions because the customer does not receive commensurate value for the consideration received by the Organization; rather, the purpose of these arrangements is for the benefit of the general public. Therefore, management concluded that the agreements are conditional due to rights of return/release and barriers to entitlement to funds. Revenue is recognized when the condition is satisfied. Because the nature of conditions is either based on incurring qualifying expenses or satisfying a milestone or other deliverable, the pattern of revenue recognition remained consistent with previous years. ASU 2018-08 has been adopted by the Organization for the year ended June 30, 2020 and under the prospective approach, has determined that there was no material change in the revenue recognition for grants and contracts.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Basis of Accounting

The Organization's accounting records and the accompanying financial statements are prepared on the accrual basis in accordance with generally accepted accounting principles (GAAP), whereby all revenue is recognized when earned rather than received and expenses are recognized when incurred rather than when paid, and accordingly, reflect all significant receivables, payables and other liabilities.

Financial Statement Presentation

The financial statements are presented in accordance with the provisions of the Financial Accounting Standards Board (FASB) Accounting Standards Update (ASU) 2016-14, *Presentation of Financial Statements of Non-For-Profit Entities*. Under ASU 2016-14, the Organization is required to report information regarding its financial position and activities according to two classes of net assets:

Net assets without donor restriction: net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the organization. These net assets may be used at the discretion of the Organization's Board of Directors.

Net assets with donor restriction: net assets subject to stipulations imposed by donors and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of the Organization or by the passage of time. Other donor restrictions are perpetual in nature, where by the donor has stipulated the funds be maintained in perpetuity.

Donor restricted contributions are reported as increases in net assets with donor restrictions. When a restriction expires, net assets are reclassified from net assets with donor restrictions to net assets without donor restrictions in the statements of activities.

Cash and Cash Equivalents

The Organization considers all unrestricted investments with an original maturity of three months or less to be cash equivalents.

Accounts Receivable

Accounts receivable consist of balances due for services provided pursuant to written and verbal contracts with various public and private agencies. The Organization evaluates the collectability of receivables on a regular and ongoing basis and they are written off when they are determined to be uncollectible. Management considers all accounts receivable to be collectible and no allowance for doubtful accounts has been provided as of June 30, 2020 and 2019.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

Property and Equipment

Acquisitions of property and equipment of \$1,000 or more are capitalized. Property and equipment are stated at cost, or, if donated, at the approximate fair market value at the date of donation. Expenditures for maintenance, repairs, and improvements, which do not materially extend the useful lives of the assets, are charged to operations in the periods incurred. Equipment purchased as part of and with grant or contract funds is generally expensed during the grant or contract period. Depreciation is provided on the straight-line method over the estimated useful lives of the assets as follows:

<u>Asset</u>	<u>Life</u>
Buildings and improvements	5 - 40 years
Furniture and equipment	5 - 10 years
Land	Not depreciated

Impairment of Long-Lived Assets

The Organization evaluates long-lived assets for impairment whenever events or changes in circumstances indicate that the carrying value of an asset may not be recoverable. If the estimated future cash flows (undiscounted and without interest charges) from the use of an asset are less than the carrying value, a write-down would be recorded to reduce the related asset to its estimated fair value.

Income Tax

The Organization is a not-for-profit public benefit corporation exempt from income tax under Section 501(c)(3) organization of the Internal Revenue Code and Section 23701(d) of the California State Revenue and Taxation Code, except for unrelated business activities or unrelated business income. During the years ended June 30, 2020 and 2019, there were no unrelated business activities or unrelated business income.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Contributions

Contributions received are recorded as net assets without donor restrictions or net assets with donor restrictions, depending on the existence and/or nature of any donor-imposed restrictions.

Contributions that are restricted by the donor are reported as an increase in net assets without donor restrictions if the restriction expires in the reporting period in which the contribution is recognized. All other donor restricted contributions are reported as an increase in net assets with donor restrictions, depending on the nature of restriction. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statements of activities as net assets released from restrictions. When restrictions are satisfied in the same accounting period that the contribution is received, both the revenue and the related expense are reported in the unrestricted net asset class.

Contributed Goods and Services

The Organization records contributed goods and services when received at estimated fair market value. No amounts for contributed goods and services have been reflected in the financial statements for the years ended June 30, 2020 and 2019.

Functional Allocation of Expenses

The costs of providing program services have been summarized on a functional basis in the Statement of Functional Expenses. Based on estimates made by management, costs based on contract guidelines have been allocated between program services and general and administrative expenses at 84.72% and 15.28%, respectively, for the year ended June 30, 2020 and 85.98% and 14.02%, respectively for the year ended June 30, 2019.

Advertising

The Organization expenses advertising costs as they are incurred. The total advertising expense for the years ended June 30, 2020 and 2019 was \$6,251 and \$3,876, respectively.

C. AVAILABILITY AND LIQUIDITY

The following represents the Organization's financial assets as of June 30, 2020, reduced by amounts not available for general use because of donor-imposed restrictions within one year of the statement of financial position date.

Financial assets at year-end:

Cash and cash equivalents	\$ 1,159,752
Investment	<u>58,824</u>
Total financial assets	1,218,576

Less amounts not available to be used within one year:

Investment endowment	(58,824)
Restricted by donor with purpose restrictions	<u>(1,000)</u>
Financial assets available to meet general expenditures over the next twelve months	<u>\$ 1,158,752</u>

The Organization regularly monitors liquidity required to meet its operating needs and other contractual commitments, while also striving to maximize the investment of its available funds. For purposes of analyzing resources available to meet general expenditures over a 12-month period, the Organization considers all expenditures related to its ongoing program activities as well as the conduct of services undertaken to support those activities to be general expenditures.

D. CASH FLOW INFORMATION

The Organization did not have any non-cash financing transactions for the years ended June 30, 2020 and 2019.

E. INVESTMENTS

The Organization accounts for its investments with a readily determinable market value by recording and reporting those investments at fair market value.

Endowment Funds: The Organization's endowment fund consists of a permanently restricted endowment as referenced in Note K. The fund is valued based on the determinable fair market value of securities included. Gains and losses are included in the statement of activities in the with donor restrictions column.

P. COVID-19 PANDEMIC

During March 2020, the World Health Organization declared the outbreak of a novel coronavirus (COVID-19) as a pandemic. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. As such, it is uncertain as to the full magnitude that the pandemic will have on the Organization's financial condition, liquidity, and future results of operations. Management is actively monitoring the global situation on its financial condition, liquidity, operations, suppliers, industry, and workforce. Given the daily evolution of the COVID-19 outbreak and the global responses to curb its spread, the Organization is not able to estimate the effects of the COVID-19 outbreak on its results of operations, financial condition, or liquidity for fiscal year 2021.

With the outbreak, the people and communities served by the non-profit industry have experienced an increased demand for assistance. The Organization, while complying with government mandates, is partnering with many state and local officials to continue to serve the people during the crisis.

Q. PAYCHECK PROTECTION PROGRAM LOAN/ADOPTION OF ACCOUNTING POLICY

On April 20, 2020, the Organization received loan proceeds in the amount of \$629,500 under the Paycheck Protection Program ("PPP"). Established as part of the Coronavirus Aid, Relief and Economic Security Act ("CARES Act"), the PPP provides for loans to qualifying businesses in amounts up to 2.5 times the business's average monthly payroll expenses. PPP loans and accrued interest are forgivable after a "covered period" (eight or 24 weeks) as long as the borrower maintains its payroll levels and uses the loan proceeds for eligible purposes, including payroll, benefits, rent, and utilities. The forgiveness amount will be reduced if the borrower terminates employees or reduces salaries during the covered period. Any unforgiven portion of a PPP loan is payable over two or five years at an interest rate of 1%, with a deferral of payments for 10 months after the end of the covered period. The Organization applied for forgiveness on December 11, 2020, but has not received notification on their application.

Management and the Board of Directors are of the opinion that \$559,336 of the PPP loan funds received will be forgiven under the present terms of the PPP due to the reduction of payroll levels. The Organization plans to return the unforgiven portion of \$70,164. Accordingly, the funds have been accounted for in accordance with FASB ASC 958-605 whereby the PPP loan funds are treated as a conditional governmental grant and recorded as a refundable advance. As the qualifying payroll expenses are incurred, the Organization recognizes contribution revenue and decreases the refundable advance. For the year ending June 30, 2020, \$187,176 of the \$629,500 funds received is included in grant revenue in the statement of activities, leaving a balance of \$442,324 of which \$372,160 will be recorded as revenue as the related payroll expenses are incurred in the next fiscal year and \$70,164 is expected to be returned.

The SBA provided the opportunity, as part of the PPP loan application, to obtain an Economic Injury Disaster Loan Advance (EIDL) up to \$10,000 in order to provide emergency economic relief to businesses that were currently experiencing a temporary loss of revenue. The advance does not have to be repaid. The organization received an EIDL advance in the amount of \$10,000 on April 21, 2020. It is included in grant revenue in the statement of activities.
