Ensure that seniors and disabled adults in need of caregiving, resource provision, nutrition, transportation, housing intervention, mental health support, or other age-related in-place services are supported through hands-on assistance or through referrals to trusted, vetted resources so that they may live independently and safely as long as possible. When necessary, act as a Case Manager to coordinate care for those with complex health or living conditions, setting goals to stabilize their situation for optimal mental, physical, and social well-being. Obj 1: Support 1,000 seniors and/or disabled adults with our Care Advocate services to address needs and overcome obstacles during the FRHD fiscal year. Obj 2: Visit with at least 300 seniors or disabled clients at home or healthcare facilities, assess their unmet needs, evaluate health and home safety, and take action steps to address those needs during the FRHD fiscal year. Obj 3: Act as a Case Manager for 70 clients with complex health or living needs, creating a plan of action and regular visits and follow-ups during the FRHD fiscal year, intending to stabilize their situations with a positive outcome. Obj 4: Discuss mental health wellbeing with at least 100 individuals, referring at least 50% to mental health providers during the FRHD fiscal year.

Program Outcomes & Measurables

During this quarter, our Senior Care Advocates have provided services and referrals to 326

unique clients out of the expected 1000. This represents an additional 33% towards the FRHD fiscal year. Of these clients, 162 were visited at home or healthcare facilities to ensure health and safety standards were met and needs were addressed. Moreover, 48 clients were assisted with complex health and living situations through case management. This entailed implementing action plans and conducting regular follow-ups to monitor progress. Additionally, twelve clients were consulted on their mental health, and eleven of them received referrals to mental health providers.
