## Program Name/Title

SBHC BH Expanded Services Program

## Brief Program Description

The vision of the School District is to provide health services to middle school children exhibiting social and/or behavioral deficits. CHSI's SBHC on-site at Potter JHS will provide essential behavioral health services through its clinicians which will develop trust among school personnel, educators, clinicians, and students to support their vision.

## Program/Services Description - Social Determinants of Health

Healthcare Access & Quality (Access to Health Care, Access to Primary Care, Health Literacy)

## Program Goal & Objectives

Goal:

By partnering with CHSI, the goal of the Fallbrook Union Elementary School District and Potter JHS, is to provide resources and community outreach in an expanded format on campus to raise awareness, reduce and/or eliminate stigmas, and provide transparent support for behavioral health. Students and their family members have reassurance in knowing that confidential services will be provided in a safe and culturally appropriate manner. CHSI has demonstrated its commitment and capacity to serve the community by documenting a steady increase in utilization of services provided to underserved patients.

Objectives:

1.  By the end of the program year, or June 30, 2024, CHSI will have expanded its SBHC services to five (5) days per week.

Quarter 1 Update: As of September 30, 2023, this objective is still in progress.

2.  By the end of the program year, or June 30, 2024, CHSI will have provided 150 visits to uninsured students from Potter JHS.

Quarter 1 Update: From July 1 to September 30, 2023, CHSI has provided 71 visits to uninsured/under-served patients.

## Program Outcomes & Measurables

1.  Currently, CHSI is providing behavioral health services at Potter JHS on a part-time basis at three (3) days per week, with projected expansion to full-time as demand progresses. Continued outreach and collaboration with CHSI's Community Relations team and the school district, combined with the on-site presence of behavioral health providers will increase awareness and education of the importance of mental/behavioral health support to students and their family members. CHSI's anticipated expansion to

five (5) days per week will be determined by data evaluation through its practice management system (how many patients are scheduled, and the need for additional appointment slots).

2. CHSI has estimated that approximately 50% of the SBHC's referrals to FFHC are patients who have health insurance coverage by plans not covered by FFHC. In order to maintain continuity of care and ensure that no patient is turned away, CHSI is proposing to cover the cost of 150 visits for students needing services, since there may be multiple visits needed for each individual.
