Program Goal & Objectives

The goal of GRG is to ensure the health and wellbeing of grandparents raising their grandchildren in Fallbrook and its neighboring communities of Bonsall, Rainbow, and De Luz by providing a comprehensive service that promotes a strong and stable family.

Objective 1: Improve family functioning and decrease family stress by providing customized case management services and parent coaching.

Objective 2: Decrease social isolation and increase connection to a community of supports by providing at minimum, quarterly educational, self-care and social workshops and gatherings.

Objective 3: Provide effective case management and support services that meet the needs of grandfamilies and their grandchildren, in order to create an environment where the full potential for health and well-being can be met.

Program Outcomes & Measurables

Outcome 1: 8 grand families were connected to over 28 services and supports over the 2nd quarter. YTD 22 grand families were connected to over 76 services and supports. Grandparents report decreased stress and great family cohesiveness, particularly when connected to resources related to parenting, mental health, and finances.

Outcome 2: Seven grandparents participated in a stress management workshop focusing primarily on coping skills in difficult times particularly during the grieving process. 100% of grandparents very satisfied

with the workshop and shared anecdotal stories on how ways connecting as a group decreases feelings of isolation and increases resilience.

Outcome 3: Two grandparents responded to the survey rating their satisfaction with services at the highest level (10 on a 10-point scale) and a net promotor score of 100. Comments include: The help I have received has reduced my stress, and I am treated like a human being. They are there to find solutions, when it feels that all doors are closed to an individual with those burdens, even when the grandchildren are a blessing to us.
