Program Goal & Objectives

Through the Congregate Meal Program, the Fallbrook Senior Center strives to reach as many older adults as possible aged 50 and over to help alleviate food insecurity and isolation. The goal of the Senior Center is to provide meals with high nutritional value in a social setting with a minimal cost of \$5.00 for those 50 and above residing in the communities of Fallbrook, Bonsall, Rainbow and De Luz. Through social media, flyers, newsletters, and special events we continue to create greater awareness of the program and thereby attract more older adults who could benefit from participation in the program. The benefits include healthy aging, improved quality of life through good nutrition, and the ability to remain in their homes as long as is safely possible.

Program Outcomes & Measurables

In accordance with our goals, Fallbrook Senior Center has been providing an average of 40 meals per day, five days a week, at a minimal cost of \$5.00 to individuals aged 50 and above, fostering a sense of community that encourages social engagement. Throughout the third quarter, we distributed a total of 2,519 meals to older adults, benefiting 147 residents of the Health District through our Congregate Meal Program. Additionally, we hosted numerous educational sessions led by nursing students from Cal State San Marcos, covering topics such as the importance of nutrition and selecting low-sodium foods. These sessions also included blood pressure and glucose screenings. Moreover, we invited a doctor to discuss heart health in February. Our commitment to enhancing older adults' experiences includes live music every Friday, as well as holiday-themed entertainment and decorations, such as those for Valentine's Day.

Impact Story

The lunch program is something I look forward to coming to Monday through Friday, giving me the opportunity to enjoy a meal with friends. Even when I'm not feeling my best beforehand, knowing that my friends are waiting for me there motivates me to get up and go. The meals are not only tasty and nutritious but also reasonably priced, which is a relief since I no longer cook. I would be lost without this place to come to. The educational sessions and regular visits from nurses provide great information and care that I truly appreciate.
