Program/Services Description - Social Determinants of Health

Economic Stability (Employment, Food Insecurity, Housing Instability, Poverty)

Social & Community Context (Civic Participation, Discrimination, Incarceration, Social Cohesion)

Healthcare Access & Quality (Access to Health Care, Access to Primary Care, Health Literacy)

Neighborhood & Built Environment (Access to Foods that Support Healthy Eating Patterns, Crime and Violence, Environmental Conditions, Quality of Housing)

Program Goal & Objectives

The goal of the Door through Door program is to provide timely and appropriate interventions for referred clients to improve their safety and access to quality care, and to reduce the likelihood of hospital readmission.

The objectives are the following:

- 1) Connect with at least 115 older adults who are or have been recently hospitalized to provide resources and support to improve their safety and well-being.
- 2) Actively provide interventions, referrals, and/or education services for at least 70% of referred clients. (Note that some referred clients refuse help or do not survive the hospital stay.)
- 3) Through our interventions, 90% of clients we actively engage with will not be readmitted within 30 days due to preventable conditions.
- 4) Successfully prevent wrongful or unsafe discharge from a healthcare facility in at least 40% of such identified cases.

Program Outcomes & Measurables

Our Door-to-Door program made significant strides in achieving our objectives and creating a profound impact in our community:

Objective 1: Connecting with Hospitalized Older Adults

Outcome: Our advocates engaged with 19 recently hospitalized clients this quarter, providing crucial support during their recovery.

Progress: Achieved 80% of our annual goal of connecting with 115 hospitalized older adults, ensuring they receive the care and attention they need.

Objective 2: Providing Interventions and Referrals

Outcome: We provided interventions, referrals, and education services to 91% of referred clients, directly enhancing their well-being.

Progress: Met our target by actively supporting referred clients, contributing to their safety, stability, and overall health.

Objective 3: Preventing Hospital Readmissions

Outcome: An impressive 95% of engaged clients did not experience hospital readmission within 30 days due to our effective interventions.

Progress: Surpassed our annual goal, demonstrating our program's success in reducing healthcare burdens and promoting sustainable recovery.

Objective 4: Preventing Wrongful Discharges

Outcome: We successfully prevented wrongful discharge from healthcare facilities for 90% of identified cases, protecting our clients' rights and well-being.

Progress: Exceeded our annual goal of 40%, ensuring safe and appropriate transitions for vulnerable individuals.

These measurable outcomes underscore the transformative power of our Door-to-Door program in addressing critical needs and improving the lives of our clients. By delivering timely interventions and referrals, we are significantly reducing hospital readmissions and ensuring safe transitions for older adults in our community.

Impact Story

Jenn, a 78-year-old is a Fallbrook resident who recently faced a challenging hospital stay. Alone and worried about her recovery, Jenn was unsure how she would manage once she returned home. That's when our Door-to-Door program stepped in.

Our advocate connected with Sarah shortly after her discharge and provided Sarah with essential interventions, including regular follow-ups and access to necessary resources. With our Advocate's support, Jenn was able to manage her medications, attend follow-up appointments, and make her home safer.

Thanks to these timely and comprehensive interventions, Sarah avoided readmission to the hospital, joining the 95% of our clients who did not experience hospital readmission within 30 days. The Care Advocate's ongoing support ensured Jenn's recovery was smooth and steady, allowing her to regain her independence and peace of mind.

Sarah's story highlights the critical role our Door-to-Door program plays in preventing hospital readmissions and supporting the well-being of older adults. By providing dedicated support, we help individuals like Jenn recover safely at home, reducing healthcare burdens and enhancing their quality of life.

The success of our program, made possible through FRHD funding, demonstrates our commitment to making a lasting impact in our community.
