Program Goal & Objectives

Goal:

The WHEEL Program has been established to educate adolescents on various health and wellness subjects, and to create awareness of high-risk situations and empower them with the tools necessary to prevent them.

Objectives:

1. By the end of each workshop, 80% of teen participants will be able to recognize risk factors and behaviors that may negatively influence their health.

| 2. By June 30, 2024, at least 45 teen participants will have been referred to resources in the community that are appropriate to their needs. |
|---|
| 3. By June 30, 2024, at least 67 teen participants will have completed at least one full cohort of the WHEEL program. |
| Program Outcomes & Measurables 1. Program facilitators will assess the teen participants' understanding of the education provided at the end of each workshop when the questions and answers session of the workshop is in progress. |

3. CHSI will use a sign-in sheet to document how many teens participate in each workshop throughout each cohort, ensuring to keep a calculated measure of impact of the program. Sign-in sheets will help program facilitators keep track of retention rate. Retention rate will be determined based on how many teens

complete one full cohort from beginning to end. CHSI expects a retention rate of at least 75% of all program

participants. CHSI will also keep a log of how many teen participants become Teen Ambassadors, by

2. Teen participants will be connected and/or referred to appropriate resources relating to their needs. This may be determined based on the questions asked in the group setting as well as by any assistance teens seek immediately following an educational workshop, or any other time throughout the 6 week period of the

Program facilitators will keep a log of all of the types of referrals made during or outside of workshop hours in order to aid in assessing impact of the program. CHSI's aims to have an outcome of at least half, or 45, of

cohort. Referrals and connection to resources may also be made to teens in discretion if appropriate.
