Program Name/Title

Door through Door Hospital to Home (Without Going Back)

Brief Program Description

The Door through Door program provides critical support to hospitalized seniors, helping to ensure appropriate care and resources are available post-discharge, enabling the greatest opportunity for a full, safe recovery.

Funding Amount Awarded

11000

Target Population - Age

	Percent of program participants	Estimated number of participants
Children (infants to 12)		
Young Adults (13-17)		
Adults (18-60)	9	2
Seniors (60+)	91	20

Program/Services Description - Social Determinants of Health

Economic Stability (Employment, Food Insecurity, Housing Instability, Poverty)

Social & Community Context (Civic Participation, Discrimination, Incarceration, Social Cohesion)

Healthcare Access & Quality (Access to Health Care, Access to Primary Care, Health Literacy)

Neighborhood & Built Environment (Access to Foods that Support Healthy Eating Patterns, Crime and Violence, Environmental Conditions, Quality of Housing)

Program Goal & Objectives

The Door through Door program aims to provide timely and appropriate interventions for referred clients to improve their safety and access to quality care and to reduce the likelihood of hospital readmission. The objectives are the following: 1) Connect with at least 115 older adults who are or have been recently hospitalized to provide resources and support to improve their safety and well-being. 2) Actively provide interventions, referrals, and/or education services for at least 70% of referred clients. (Note that some referred clients refuse help or do not survive the hospital stay.) 3) Through our interventions, 90% of clients we actively engage with will not be readmitted within 30 days due to preventable conditions. 4) Successfully prevent wrongful or unsafe discharge from a healthcare facility in at least 40% of such identified cases.

Program Outcomes & Measurables

In this quarter, our advocates helped 22 clients through the door-to-door program and provided interventions, referrals, and education services to 96% of these clients. Our intervention prevented hospital readmissions within 30 days for 98% of the clients we engaged with by implementing effective measures. Furthermore, we prevented wrongful discharge from healthcare facilities for 100% of the 7 identified cases.

Impact Story

Graham is a disabled veteran who was homeless and low-income. He was referred to us for assistance with various challenges. Recently, he suffered a leg fracture from a fall and was hospitalized. While he was recovering, our Advocates enrolled him in our transportation program to ensure he made it to all necessary medical appointments. To address his nutritional needs after he was discharged from the hospital, Alex connected him with the Fallbrook Food Pantry for food box deliveries. She also helped him enroll in one of the SDGE senior assistance programs, which eased his worries about the future.

All these services, from pre-surgery to post-recovery, are made possible by the generous funding we receive from the Fallbrook Regional Health District. Their support enables us to provide comprehensive assistance for older adults' physical and mental needs and turn overwhelming situations like Graham's into stories of resilience and community care.

Grantors and Foundations

iPhone and iPad (4 Sessions)

Course description: This workshop consists of 4 loosely-structured workshops covering the basic functions of the iPad and iPhone. The workshop will provide hands-on training and support for students with differing experience levels.

- Workshop I: How to communicate with family and friends through the phone, email, Contacts, and messaging
- Workshop II: Using the Safari web browser, Maps, Calendar and managing applications
- Workshop III: Taking, editing, and sharing photos and videos
- Workshop IV: Using the basic functions of iCloud, Control Center, Notifications, Find My Friends, Find My iPhone, Emergency SOS, and Siri. We will also explore other applications based on student interest.

This workshop will be a 4-part series over 4 weeks.

Note: This class is NOT for Samsung, Huawei, Google, Nokia, or any Android phone.

What to bring to class: The device you will be using, your iPhone or iPad charger, and your APPLE ID and APPLE PASSWORD.

Instructors: Bob Cebulak, Len Twibough and Dan Wiley

This 4-part workshop will be taking place over 4 weeks on Wednesdays – July 25, August 2, August 9, and August 16 from 9:00 AM to 11:00 AM.

Special thanks to the Fallbrook Regional Health District Community Health & Wellness Center for the use of their facility and their ongoing support.

Here is a map to help you enter the event location.
